Grad. Dip. in Professional Development (Education)

Weekly Home Learning – Year 6

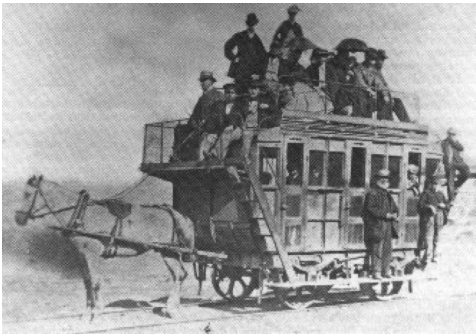

Week commencing: 18th January 2021

	Maths Activities	Completed
1	<p>WALT to multiply whole numbers and decimals by a single digit</p> <p><i>Sheet in the Maths folders</i></p> <p>This is a revision session. Checkout my video if you want to remind yourself about decimals. Remember to layout the sums neatly and use a ruler to draw lines with. Do written work in your homework books.</p> <p>https://www.youtube.com/watch?v=5v0yVBOv7og&t=9s</p> <p>Choose one colour:</p> <p>Green: I want to check I understand this</p> <p>Pink: I think I know what I am doing</p> <p>Purple: I am confident with this</p> <p>REMEMBER: When multiplying decimals you ignore the decimal at first but at the end count up how many digits are behind the decimal and insert your point accordingly</p> <p>YOU DO NOT HAVE TO DO ALL 3 COLOURS</p>	
2	<p>WALT multiply whole numbers and decimals by two digits</p> <p><i>Sheet in the Maths folders</i></p> <p>Again, this is a revision session. You only need to do one colour.</p> <p>Do written work in your homework books.</p> <p>https://www.youtube.com/watch?v=r5iCeKjgwig</p> <p>https://www.youtube.com/watch?v=zU2p9N9GsmA</p> <p>REMEMBER: When you do the second line of multiplying (by the tens number) DO NOT FORGET to put in the zero to show that we are multiplying by tens.</p>	

3	<p>WALT identify number patterns and sequences</p> <p>https://www.bbc.co.uk/bitesize/topics/z69k7ty/articles/zyd4rdm</p> <p>Watch the video above to revise the concept of number patterns. In a pattern or sequence, numbers follow a rule. This may be adding, subtracting, multiplying or dividing. Once you know the rule you can find the next number.</p> <p>In a 2 stage sequence you may have to add one number then subtract another. It's all about trial and error and using what you already know. Your good times tables knowledge will come in handy here.</p> <p>Play these games to improve your confidence. The second one is hard, be warned!</p> <p>https://mathsframe.co.uk/en/resources/resource/42/sequences</p> <p>https://www.topmarks.co.uk/Flash.aspx?a=activity0</p>	
4	<p>WALT identify number patterns and sequences</p> <p><i>Try the number patterns worksheet.</i></p> <p>You do not have to do every sum. Try alternate ones if you find this easy. Write the whole sequence into your book. Not just the answers.</p>	
5	<p>WALT identify number patterns and sequences</p> <p><i>Try the number sequences worksheet.</i></p> <p>Again, if you are finding it easy, just do alternate questions</p> <div data-bbox="204 1355 1252 1724" style="border: 2px dashed green; padding: 10px; margin: 20px 0;"> <p style="text-align: center; color: green; font-size: 1.2em;">Take the challenge</p> <p>Try this game:</p> <p style="text-align: center; color: purple; font-size: 1.2em;">Guardians of Mathematica</p> <p>https://www.bbc.co.uk/bitesize/topics/zd2f7nb/articles/zn2y7nb</p> </div>	

	Literacy Activities	Completed
1	<p>WALT read a variety of texts, fiction and non-fiction</p> <p>Read every day for at least 20 minutes</p> <p>If you find it hard to remember what you have read, record yourself reading on a phone or tablet, talk about it with someone in your family or write a short review on word or in your homework book.</p> <p>Each time you read, record it in your reading journal or your homework book.</p> <p>Try these sites if you have run out of reading material or log onto the online books at Swansea Library.</p> <p>stories.audible.com</p> <p>https://www.worldbookday.com/storytime-online/</p> <p>https://www.bbc.co.uk/teach/school-radio/audio-stories/zh3t2sg</p>	
2	<p>WALT spell words with hidden letters</p> <ul style="list-style-type: none"> • Copy the words out neatly in order to practice your handwriting • Say them aloud and see how the sounds change even if it's just a little bit. • Learn your words • Get someone to test you. • (the sheet has been shared with you on Teams) <div style="border: 2px dashed blue; padding: 10px; text-align: center;"> <p>Take the Challenge</p> <p>Try the games on this website. Dip in and out and try one or two each day. They are all about testing your thinking skills or verbal reasoning.</p> <p>https://www.educationquizzes.com/11-plus/verbal-reasoning/</p> </div>	
3	<p>WALT start our stories effectively.</p> <p>All good stories have a strong start, an exciting problem or event in the middle and an effective ending. Use your story mountain to help you in your work this week.</p> <ol style="list-style-type: none"> 1. Watch the film that has been shared with you. You will have an email with a link in Outlook. 2. Draw a story mountain on scrap paper. 3. Read the list of story starters in the Literacy file. Choose one and make notes on your plan to start to develop this into a story. Make notes on the characters, setting and what could be happening at the beginning of this story. (don't worry too much about setting and character, that's next week's task) 4. Choose another starter and do the same. 5. Once you have made lots of notes, choose your favourite story starter and write it up using no more than 150 words. 6. Go over it with a blue pen to check spellings, punctuation and that each word counts. You know how to use strong adjectives to describe and adverbs to show action. 	

4	<p>WALT send and receive emails</p> <p>As home learning continues, we are all learning new technology skills faster than ever. Not only are we learning to access our timetables, but to communicate in different ways, to save, upload and download work and to solve tech problems.</p> <p>Please can you show me your skills by sending me an email using your outlook account on Hwb (in your office 365 package)</p> <p>What level email will you send?</p> <p>Level 1 Send an email telling me how you are getting on and 2 facts about the Mumbles Tram. <i>In the subject space, name your email level 1</i></p> <p>Level 2 Send an email with the above but attach your favourite picture of the Mumbles tram and tell me why you like it. <i>In the subject space, name your email level 2</i></p> <p>Level 3 Send an email with all of the above but copy in one friend. In the cc space below where you put my email address. This means that your friend gets a copy of the email for information only. <i>In the subject space, name your email level 3</i></p> <p>Level 4 Send an email with all of the above but add a link (by copying and pasting the URL) to a website that you found useful during your research. <i>In the subject space, name your email level 4</i></p>	
5	<h2 style="text-align: center;">Weekly Welsh</h2> <p>This is a new initiative to keep our Welsh language skills tip top. I have made a sheet which will be published on the website each week and a link shared with you. Our pattern of the week is Sut mae'r tywydd? I have made a game to go with the pattern, as well as giving vocabulary and a story to listen to.</p> <p>I am aware that Welsh at home can be difficult and hope that it will be a good way for you to share what you know with your families.</p> <p>I would welcome any feedback so that I can continue to improve our Welsh provision.</p>	

	Topic Activities	Completed
1	<p>WALT investigate our locality: The Mumbles Tram Research</p> <p>The Mumbles tram is a famous part of our local history. It started in 1807 (although other dates are given) to take limestone which had been quarried in the village to Swansea. However, it soon turned into a tourist attraction and by the Victorian age people were travelling from across Wales and even England to travel from Swansea to Mumbles.</p>  <p>Watch these videos and have a look at the websites as well as doing some research of your own.</p> <p>https://www.walesonline.co.uk/lifestyle/nostalgia/rare-photos-showing-final-day-17003953</p> <p>https://sites.google.com/site/ahistoryofmumbles/the-mumbles-passenger-railway-from-march-1807-until-january-1960-by-carol-powell-ma</p> <p>https://www.bbc.co.uk/blogs/waleshistory/2011/03/the_mumbles_railway.html</p> <p>https://www.youtube.com/watch?v=IdS6e5INDyM</p> <p>https://www.youtube.com/watch?v=X0JbpS_Els4</p> <p>https://www.youtube.com/watch?v=Yi4i20xVNrE</p> <p>https://www.youtube.com/watch?v=FB6kqaPo6Nw</p> <p>Make notes to help you with the next task.</p>	
2	<p>WALT investigate our locality Make a PowerPoint presentation about the Mumbles Tram.</p> <p>Your work should include:</p> <ul style="list-style-type: none"> • Why the tram was started? • Where did the tram go from and where did the line end? • What were the names of the stations? • What were the different ways that the tram was powered? Make a timeline to show how the tram changed over time. • Why did the tram start to decline? • When did it finish?  <p><i>Save your work in your Home learning folder, name it Mumbles Tram. If you prefer to work on paper then that's fine, you can use your homework book or make a booklet out of your own.</i></p>	

3	<p>WALT investigate our locality</p> <p>I have been on a walk for one of my daily exercise slots looking for evidence of the tram. Look at my Power Point and then go for a walk with your family and see what you can find yourselves. Although the tram ran from Swansea, our walk starts from the edge of the car park opposite the Mumtaz Indian Restaurant and goes as far as the pier.</p> <p>Take some paper and a pencil and do some quick sketches of different locations. Alternatively take some photos of your walk.</p>	
4	<p>WALT investigate our locality.</p> <p>Many people think that it would be a good idea to bring back the tram. Do some research by asking your family and friends, (in a socially distanced way of course)</p> <p>What do you think?</p> <p>Make a list of arguments for and against bringing back the tram from Swansea to Mumbles (not just a land train, but a proper tram such as you can find in Sheffield and other cities.)</p> <p><i>You can add your information to your power point, write it on paper or use a Word document. Save any electronic work in your home learning folder.</i></p>	
5	<p>Choose at least one of these to do each day</p> <p>1. Joe Wicks PE session https://www.youtube.com/watch?v=6v-a_dpwhro</p> <p>2. Jade Jones, Taekwondo champion workout https://www.bbc.co.uk/sport/av/taekwondo/52261487</p> <p>3. Work on your Hula Hoop skills with this bonkers chap https://www.hoopsmiles.com/how-to-hula-hoop-for-beginners-vol1</p> <p>4. Just dance session https://www.youtube.com/results?search_query=just+dance+kids</p>	

Notes and any questions you might have will be answered via the Year 6 Team which you can access by logging into Hwb and selecting Office 365. Click on Teams and then Year 6 Home Learning 2020. In here, you will find Literacy, Numeracy and Topic Channels which contain various activities and worksheets. More will be added each week.

Any written work should be completed in your Homework book. For any work on Word or Powerpoint (Office 365 within Hwb), please first go to your Y6 home learning file. Then press +new and select either Word or Powerpoint. This will automatically save your work in the correct folder. I will receive a notification as soon as you have done it, and can give you

feedback on your work. Any longer communications will be sent as an email to your account so please keep an eye on your Office 365 email account

My email address is websterd6@hwbcymru.net
Mrs W

Invitation

You and your family are invited to a Key Stage 2 Quiz

On Friday 22nd January

At 5.00 pm

www.myquiz.com

Code to be sent in a text next week

I hope you and your children are keeping well during these difficult times. Please do not worry if your child does not complete all the Home Learning activities. From personal experience, I know how hard it can be to encourage your child to work from home.

All the teachers, including myself, have recorded videos for the children this week. I hope you enjoy them!

If you require any additional support, please let us know. We appreciate that this is a difficult time for everyone with many of you trying to juggle working from home as well as supporting your children with their activities. We are all here to help!

Please stay safe and healthy!

Mrs Morgan
