Mrs W

I hope you and your children are keeping well during these difficult times. We have taken into account your responses to the Home Learning Survey and have reflected on our practice. I hope the changes we have implemented to the KS2 Home Learning are beneficial to you as parents, and more importantly your children.

I have said throughout both lockdowns, please do not worry if your child does not complete all the Home Learning activities. Just encourage your child to do their best. If you require any additional support, please let us know. We appreciate that this is a difficult time for everyone with many of you trying to juggle working from home as well as supporting your children with their Home Learning activities. We are all here to help!

**Please stay safe and healthy!**
